※The actual pole and the stoppers are not included with this product.

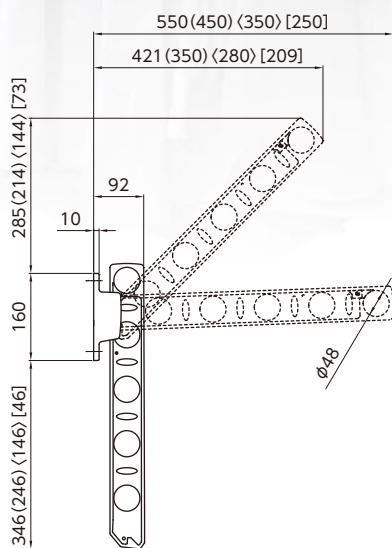

Metal Laundry Pole Holder for Retaining Wall

KBN55,45,35,25

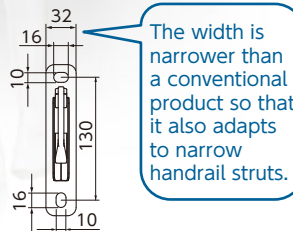

Slim and sophisticated design that will mesh with any décor.

■ Positions

KBN55 (KBN45) (KBN35) [KBN25]

■ Metal Fittings

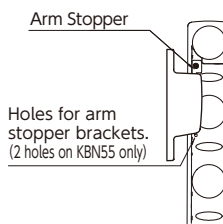

The width is narrower than a conventional product so that it also adapts to narrow handrail struts.

《Arm Stopper》

Please keep the device a minimum of 650mm above the ground or bottom of the wall struts. If you don't have enough space, rearrange the position of the arm brackets to provide at least 650mm above the ground.

※If you are using this product in an industrial area or near seawater, please consult our sales office.

Materials : Arm ... Aluminum die-casting
Caps ... Polypropylene resin (weather-resistant grade)

Warranty

We conduct various tests in order to provide quality products to satisfy our customers.

Strength test

X-Ray test

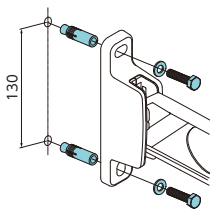

■ Fasteners (Optional)
