Pedestal

The pedestal has a mortise and tenon shape for easy attachment of hanging materials.

Adjustment

Uses a "Quick-Lock" mechanism developed originally. The length of the pipe can be adjusted more easily.

Ring

The large diameter design makes it easy to insert the pole. Furthermore, 2 point support provides excellent pole stability.

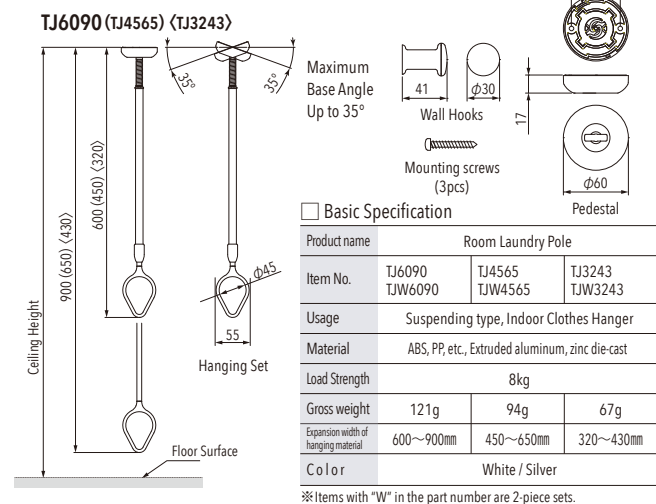

Hook

When storing, the pole can be hung on the hook. (One hook is included for both one and two-piece sets)

Ends

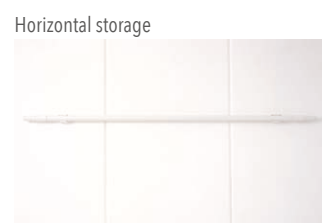

The shape of the pole is smartly designed to show off the pole, eliminating the feeling of oppression and blending in with the atmosphere of the room.

Adjustment

The length of the pole can be adjusted according to the amount of laundry (No lock function)

Pole holder

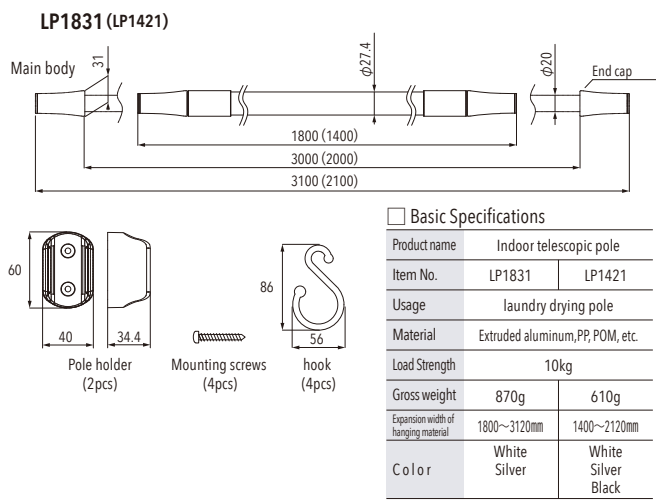

By attaching a pole holder that takes the length of the pole into consideration, you can eliminate the need to move things when cleaning the floor.

By storing it horizontally, you can use it in a wider range of ways.
